August 18, 2020

ATTENTION OWNER/OCCUPANT:

This letter is to inform you of the upcoming construction activity that will be taking place in the next few weeks as part of the **2020 Residential Streets Program**, and to alert you to any minor travel disruptions. Work to be completed by the Contractor as part of this project includes pavement removal, new hot-mix asphalt, aggregate shoulder work, and other related appurtenances. The following locations will be affected by construction activities:

1. Lismore Road from Roscoe Road to Denali Heights Subdivision
2. 2nd Street from North Street to Elevator Road

The project is anticipated to be completed in phases over a course of approximately 4 weeks, beginning on the week of August 24th with a scheduled completion date during the week of September 14th (weather dependent). At minimum, a single lane of traffic with flaggers will be provided at all times throughout the duration of construction, and the contract stipulates that reasonable access to all properties must be maintained at all times. During this time, on-street parking will be prohibited in construction areas during the hours of 6:00am thru 6:00pm. This allows the contractor to work more quickly and efficiently throughout the duration of the project.

Project updates, location maps, and specific parking restrictions will be uploaded to the Village's website at www.villageofroscoe.com under the 'Local News and Information' tab. You may contact **Brandon Boggs**, the **Village Engineer**, at **(815) 877-0746** with any questions or concerns that you may have. As always, thank you for your support and patience on what is a much needed and great improvement to Roscoe's roadways.

Sincerely,

A handwritten signature in blue ink that reads "Brandon Boggs".

Brandon Boggs
Village Engineer
