A message to our Roscoe Residents:

Governor J.D. Pritzker has announced that effective Friday November 20, 2020, 'Tier Three Mitigation Measures' will be imposed statewide. These measures are in response to the sustained rises in both cases and positivity rates for the COVID-19 virus, as well as the burden currently being felt by all area hospitals and intensive care units. The Village of Roscoe stands in support of these measures as we face a critical juncture in the effort to combat this pandemic.

While numbers are trending in the wrong direction, there is reason for hope that an end is in sight as we continue to get promising news regarding the development of safe and effective vaccines. Heading into the Holiday season however, we have one sincere request, that **everyone do their part**. We ask that residents make a greater commitment to mask wearing, social distancing, and avoiding gatherings with non-household members. We ask for diligence from our valued business community to adhere to established mitigation guidelines, trying as they may be, and we ask that everyone view this time through the lens of community, realizing that we are all in this together.

It is within our power to defeat this virus, but it will take a concerted group effort as we make a final push through the winter months. The Village of Roscoe is committed to the safety of our families, friends, and neighbors, a commitment that we know is held by each of our residents. We share a common goal of dispelling fear, protecting the public health, and ensuring a path to economic recovery.

Thank you all for your continued sacrifice, your patience, and your cooperation. We will continue to provide information as it develops, and look forward to gathering again soon.

Stay safe,

A handwritten signature in black ink that reads "Mark W. Szula". The signature is written in a cursive style with a large, sweeping initial 'M'.
