ATTENTION OWNER/OCCUPANT:

We are pleased to announce upcoming roadway improvements that will be taking place in Chicory Ridge over the next few weeks as part of the **2022 Residential Streets Program**, and want to alert you to any minor travel disruptions. Work to be completed by the Contractor as part of this project includes pavement removal, new hot-mix asphalt, aggregate shoulder work, and other related appurtenances. The following locations will be affected by construction activities:

1. **Meadowsweet Lane** from Roscoe Rd to Purple Sage Dr
2. **Angelica Lane** from Cotton Thistle to Chicory Ridge Way
3. **Chicory Ridge Way** from Roscoe Rd to Angelica Ln

The project is anticipated to be completed in phases over a course of approximately 3-4 weeks with a scheduled start on Wednesday, June 29th, and completion date during the week of July 18th (weather dependent). At a minimum, a single lane of traffic with flaggers will be provided at all times throughout the duration of construction, and the contract states that reasonable access to all properties must be maintained at all times. During this time, on-street parking will be prohibited in construction areas during the hours of 6:00am thru 6:00pm. This allows the contractor to work more quickly and efficiently throughout the duration of the project.

Location maps will be uploaded to the Village's website at www.villageofroscoe.com under the 'Local News and Information' tab. You may contact **Brandon Boggs,** the **Village Engineer**, via email at vorengineer@villageofroscoe.com or at **(815) 877-0746** with any questions or concerns that you may have. As always, thank you for your support and patience through this critical improvement to Roscoe's roadways.

Sincerely,

Brandon Boggs
Village Engineer
